# ARTICLE 18

# Rules of Competition Concerning Undertakings

1. The following are incompatible with the proper functioning of this Agreement in so far as they may affect trade between Albania and an EFTA State:

- (a) all agreements between undertakings, decisions by associations of undertakings and concerted practices between undertakings which have as their object or effect the prevention, restriction or distortion of competition; and
- (b) abuse by one or more undertakings of a dominant position in the territory of a Party as a whole or in a substantial part thereof.
- 2. The provisions of paragraph 1 shall apply to the activities of public undertakings and undertakings for which the Parties grant special or exclusive rights, in so far as the application of these provisions does not obstruct the performance, in law or in fact, of the particular public tasks assigned to them.
- 3. The provisions of paragraphs 1 and 2 shall not be construed to create any direct obligations for undertakings.
- 4. If a Party considers that a given practice is incompatible with the provisions of paragraphs 1 and 2, the Parties concerned shall give to the Joint Committee all the assistance required in order to examine the case and, where appropriate, eliminate the practice objected to. If the Party concerned fails to put an end to the practice objected to within the period set by the Joint Committee, or if the Joint Committee fails to reach an agreement after consultations, or after thirty days following referral for such consultations, the other Party may adopt appropriate measures to deal with the difficulties resulting from the practice in question.

# General Safeguard Measures

The rights and obligations of the Parties in respect of general safeguards shall be governed by Article XIX of GATT 1994 and the WTO Agreement on Safeguards. In taking measures under these WTO provisions, a Party shall exclude imports of an originating product from one or several Parties if such imports do not in and of themselves cause or threaten to cause serious injury. The Party taking the measure shall demonstrate that such exclusion is in accordance with WTO jurisprudence.

## ARTICLE 20

# Bilateral Safeguard Measures

1. Where, as a result of the reduction or elimination of a customs duty under this Agreement, any product originating in a Party is being imported into the territory of another Party in such increased quantities, in absolute terms or relative to domestic production, and under such conditions as to constitute a substantial cause of serious

injury or threat thereof to the domestic industry of like or directly competitive products in the territory of the importing Party, the importing Party may take bilateral safeguard measures to the minimum extent necessary to remedy or prevent the injury, subject to the provisions of paragraphs 2 to 10.

- 2. Bilateral safeguard measures shall only be taken upon clear evidence that increased imports have caused or are threatening to cause serious injury pursuant to an investigation in accordance with the procedures laid down in the WTO Agreement on Safeguards.
- 3. The Party intending to take a bilateral safeguard measure under this Article shall immediately, and in any case before taking a measure, make notification to the other Parties and the Joint Committee. The notification shall contain all pertinent information, which shall include evidence of serious injury or threat thereof caused by increased imports, a precise description of the product involved and the proposed measure, as well as the proposed date of introduction, expected duration and timetable for the progressive removal of the measure. A Party that may be affected by the measure shall be offered compensation in the form of substantially equivalent trade liberalisation in relation to the imports from any such Party.
- 4. If the conditions set out in paragraph 1 are met, the importing Party may take measures consisting in increasing the rate of customs duty for the product to a level not to exceed the lesser of:
  - (a) the MFN rate of duty applied at the time the action is taken; or
  - (b) the MFN rate of duty applied on the day immediately preceding the date of the entry into force of this Agreement.
- 5. Bilateral safeguard measures shall be taken for a period not exceeding one year. In very exceptional circumstances, after review by the Joint Committee, measures may be taken up to a total maximum period of three years. No measure shall be applied to the import of a product which has previously been subject to such a measure.
- 6. The Joint Committee shall within 30 days from the date of notification examine the information provided under paragraph 3 in order to facilitate a mutually acceptable resolution of the matter. In the absence of such resolution, the importing Party may adopt a measure pursuant to paragraph 4 to remedy the problem, and, in the absence of mutually agreed compensation, the Party against whose product the measure is taken may take compensatory action. The bilateral safeguard measure and the compensatory action shall be immediately notified to the other Parties and the Joint Committee. In the selection of the bilateral safeguard measure and the compensatory action, priority must be given to the measure which least disturbs the functioning of this Agreement. The compensatory action shall normally consist of suspension of concessions having substantially equivalent trade effects or concessions substantially equivalent to the value of the additional duties expected to result from the bilateral safeguard measure. The Party taking compensatory action shall apply the action only for the minimum period

necessary to achieve the substantially equivalent trade effects and in any event, only while the measure under paragraph 4 is being applied.

- 7. Upon the termination of the measure, the rate of customs duty shall be the rate which would have been in effect but for the measure.
- 8. In critical circumstances, where delay would cause damage which would be difficult to repair, a Party may take a provisional emergency measure pursuant to a preliminary determination that there is clear evidence that increased imports constitute a substantial cause of serious injury, or threat thereof, to the domestic industry. The Party intending to take such a measure shall immediately notify the other Parties and the Joint Committee thereof. Within 30 days of the date of the notification, the procedures set out in paragraphs 2 to 6, including for compensatory action, shall be initiated. Any compensation shall be based on the total period of application of the provisional emergency measure and of the emergency measure.
- 9. Any provisional measure shall be terminated within 200 days at the latest. The period of application of any such provisional measure shall be counted as part of the duration of the measure set out in paragraph 5 and any extension thereof. Any tariff increases shall be promptly refunded if the investigation described in paragraph 2 does not result in a finding that the conditions of paragraph 1 are met.
- 10. Five years after the date of entry into force of this Agreement, the Parties shall review in the Joint Committee whether there is need to maintain the possibility to take safeguard measures between them. If the Parties decide, after the first review, to maintain such possibility, they shall thereafter conduct biennial reviews of this matter in the Joint Committee.

#### ARTICLE 21

# General Exceptions

The rights and obligations of the Parties in respect of general exceptions shall be governed by Article XX of the GATT 1994, which is hereby incorporated into and made part of this Agreement.

- 2. The Parties shall accord to each other's nationals treatment no less favourable than that they accord to their own nationals. Exemptions from this obligation must be in accordance with the substantive provisions of Articles 3 and 5 of the WTO Agreement on Trade-Related Aspects of Intellectual Property Rights (hereinafter referred to as "the TRIPS Agreement").
- 3. The Parties shall grant to each other's nationals treatment no less favourable than that accorded to nationals of any other State. Exemptions from this obligation must be in accordance with the substantive provisions of the TRIPS Agreement, in particular Articles 4 and 5 thereof.
- 4. The Parties agree, upon request of any Party to the Joint Committee, to review the provisions on the protection of intellectual property rights contained in the present Article and in Annex V, with a view to further improving the level of protection they provide for and to avoiding or remedying trade distortions caused by actual levels of protection of intellectual property rights.

# CHAPTER 4 INVESTMENT, SERVICES AND GOVERNMENT PROCUREMENT

## ARTICLE 24

## Investment

- 1. The Parties shall endeavour to provide in their territories stable, equitable and transparent investment conditions for investors of the other Parties that are making or seeking to make investments in their territories.
- 2. The Parties shall admit investments by investors of the other Parties in accordance with their laws and regulations. They recognise that it is inappropriate to encourage investment by relaxing health, safety or environmental standards.
- 3. The Parties recognise the importance of promoting investment and technology flows as a means for achieving economic growth and development. Co-operation in this respect may include:
  - (a) appropriate means of identifying investment opportunities and information channels on investment regulations;
  - (b) exchange of information on measures to promote investment abroad; and
  - (c) the furthering of a legal environment conducive to increased investment flows.
- 4. The Parties affirm their commitment to review issues related to investment in the Joint Committee no later than five years after the entry into force of this Agreement, including the right of establishment of investors of one Party in the territory of another Party.
- 5. Albania, on the one part, and Iceland, the Principality of Liechtenstein, and the Swiss Confederation, on the other, shall refrain from arbitrary or discriminatory measures regarding investments by investors of another Party mentioned in this paragraph and shall observe any obligation they have entered into with regard to a specific investment by an investor of another Party mentioned in this paragraph.

# Trade in Services

- 1. The Parties shall aim at achieving gradual liberalisation and the opening of their markets for trade in services in accordance with the provisions of the General Agreement on Trade in Services (hereinafter referred to as "the GATS"), taking into account ongoing work under the auspices of the WTO.
- 2. If a Party grants to a non-Party, after the entry into force of this Agreement, additional benefits with regard to the access to its services markets, it shall afford adequate opportunities for negotiations with a view to extending these benefits to another Party on a reciprocal basis.
- 3. The Parties undertake to keep under review paragraphs 1 and 2 with a view to establishing an agreement on liberalisation of trade in services in accordance with Article V of the GATS.

#### ARTICLE 26

#### Government Procurement

- 1. The Parties shall enhance their mutual understanding of their government procurement laws and regulations with a view to progressively liberalising their respective procurement markets on the basis of non-discrimination and reciprocity.
- 2. In order to improve transparency, the Parties shall publish their laws, or otherwise make publicly available their laws, regulations and administrative rulings of general application as well as their respective international agreements that may affect their procurement markets. The Parties shall promptly respond to specific questions and provide, upon request, information to each other on matters referred to in this paragraph.
- 3. If a Party grants to a non-Party, after the entry into force of this Agreement, additional benefits with regard to the access to its procurement markets, it shall agree to enter into negotiations with a view to extending these benefits to another Party on a reciprocal basis.

- 2. The Parties shall hold consultations with a view to facilitating the movement of capital between Albania and the EFTA States and achieve its complete liberalisation as soon as conditions permit.

# ARTICLE 29

# Balance of Payments Difficulties

Where Albania or an EFTA State is in serious balance of payments difficulties, or under threat thereof, Albania or the EFTA State concerned, respectively, may, in conformity with the conditions laid down within the framework of the GATT and in Articles VIII and XIV of the Statutes of the International Monetary Fund, take restrictive measures with regard to current payments if such measures are strictly necessary. Albania or the EFTA State concerned, as the case may be, shall inform the other Parties immediately of such measures and shall provide as soon as possible a timetable for their removal.

## ARTICLE 30

# Clarifications

It is understood that the obligations stated in this Chapter are without prejudice to the equitable, non-discriminatory and good faith application of measures pursuant to court orders or judgements and administrative proceedings. It is also understood that the right of an investor to freely transfer amounts in relation to his investment is without prejudice to any fiscal obligation such an investor may have.

- 7. The Joint Committee may decide to amend the Annexes and Protocols to this Agreement. Subject to paragraph 8, it may set a date for the entry into force of such decisions.
- 8. If a representative of a Party in the Joint Committee has accepted a decision subject to the fulfilment of constitutional requirements, the decision shall enter into force on the date that the last Party notifies that its internal requirements have been fulfilled, unless the decision itself specifies a later date. The Joint Committee may decide that the decision shall enter into force for those Parties that have fulfilled their internal requirements, provided that Albania is one of those Parties. A Party may apply a decision of the Joint Committee provisionally until such decision enters into force for that Party, subject to its constitutional requirements.

# CHAPTER 8 DISPUTE SETTLEMENT

#### ARTICLE 42

#### Consultations

- 1. In case of any divergence with respect to the interpretation, implementation and application of this Agreement, the Parties shall make every attempt through cooperation and consultations to arrive at a mutually satisfactory solution.
- 2. Any Party may request in writing consultations with any other Party regarding any actual or proposed measure or any other matter that it considers might affect the operation of this Agreement. The Party requesting consultations shall at the same time notify the other Parties in writing thereof and supply all relevant information.
- 3. The consultations shall take place in the Joint Committee if any of the Parties so requests within 20 days from the receipt of the notification referred to in paragraph 2, with a view to finding a commonly acceptable solution. If the Party to which a request in accordance with paragraph 2 or this paragraph is made does not reply within ten days or does not enter into consultations within 20 days after receipt of the request, the Party making the request is entitled to request the establishment of an arbitration panel in accordance with Article 43.6

# ARTICLE 43

# Arbitration

- 1. Disputes between the Parties relating to the interpretation of rights and obligations under this Agreement, which have not been settled through direct consultations or in the Joint Committee within 60 days from the date of the receipt of the request for consultations, may be referred to arbitration by the complaining Party by means of a written notification addressed to the Party complained against. A copy of this notification shall be communicated to all other Parties so that each of those Parties may determine whether to participate in the dispute.
- 2. Where more than one Party requests the establishment of an arbitration panel relating to the same matter, a single arbitration panel may, whenever feasible, be established to consider such disputes.<sup>7</sup>

As amended by the *Protocol amending the Free Trade Agreement between the Republic of Albania and the EFTA States*, signed on 18 September 2015 and entered into force on 1 June 2017

For the purpose of this Chapter, the terms "Party" and "party to the dispute" are used regardless of whether two or more Parties are involved in a dispute.

- 3. A Party that is not a party to the dispute shall be entitled, on delivery of a written request to the parties to the dispute, to make written submissions to the arbitration panel, receive written submissions, including annexes, from the parties to the dispute, attend hearings and make oral statements.
- 4. The arbitration panel shall comprise three members. In its written notification pursuant to paragraph 1 of this Article the Party referring the dispute to arbitration shall designate one member, who may be its national or resident. Within 30 days from the receipt of the notification referred to in paragraph 1 of this Article, the Party to which it was addressed shall, in turn, designate one member, who may be its national or resident.
- 5. Within 60 days from the receipt of the notification referred to in paragraph 1 of this Article, the two members already designated shall agree on the designation of a third member. The third member shall not be a national of either party to the dispute, nor permanently reside on the territory of either party to the dispute. The member thus appointed shall be the President of the arbitration panel.
- 6. If all three members have not been designated or appointed within 60 days from the receipt of the notification referred to in paragraph 1, either party to the dispute may request the Secretary–General of the Permanent Court of Arbitration at the Hague to designate an appointing authority.
- 7. The arbitration panel shall examine the matter referred to it in the request for the establishment of an arbitration panel in light of the provisions of this Agreement applied and interpreted in accordance with the rules of interpretation of public international law. The award of the arbitration panel shall be final and binding upon the parties to the dispute.
- 8. Unless otherwise specified in this Agreement or agreed between the parties to the dispute, the Optional Rules for Arbitrating Disputes between Two States of the Permanent Court of Arbitration (PCA), effective 20 October 1992, shall apply.

# Implementation of the Award

- 1. The Party concerned shall promptly comply with the award of the arbitration panel. If it is impracticable to comply immediately, the parties to the dispute shall endeavour to agree on a reasonable period of time to do so. In the absence of such agreement within 30 days from the date of the award, either party to the dispute may, within 10 days from the expiration of such period, request the original arbitration panel to determine the length of the reasonable period of time.
- 2. The Party concerned shall notify the other party to the dispute of the measure adopted in order to implement the award.

- 3. If the Party concerned fails to comply with the award within a reasonable period of time and the parties to the dispute have not agreed on any compensation, the other party to the dispute may, until the award has been properly implemented or the dispute has been otherwise resolved, and subject to a prior notification of 30 days, suspend the application of benefits granted under this Agreement, but only equivalent to those affected by the measure that the arbitration panel has found to violate this Agreement.
- 4. Any dispute regarding the implementation of the award or the notified suspension shall be decided by the arbitration panel upon request of either party to the dispute before compensation can be sought or suspension of benefits can be applied. The arbitration panel may also rule on the conformity with the award of any implementing measures adopted after the suspension of benefits and whether the suspension of benefits should be terminated or modified. The ruling of the arbitration panel under this paragraph shall normally be given within 45 days from the date of receipt of the request.

- 2. This Agreement shall not preclude the maintenance or establishment of customs unions, free trade areas, arrangements for frontier trade and other preferential agreements insofar as they do not have the effect of altering the trade arrangements provided for in this Agreement.
- 3. When a Party enters into a customs union or free trade agreement with a third party it shall, upon request by any other Party, be prepared to enter into consultations with the requesting Party.

- 6. This Agreement shall not enter into force or be applied provisionally between Albania and an EFTA State unless the complementary agreement on trade in agricultural products between Albania and that EFTA State enters into force or is applied provisionally simultaneously. #### ANNEX III

#### REFERRED TO IN ARTICLE 13

#### TRADE FACILITATION

#### Article 1

#### General

The Parties, aiming to serve the interests of their respective business communities and to create a trading environment allowing them to benefit from the opportunities offered by this Agreement, agree that the following principles, in particular, are the basis for the development, and administration by competent authorities, of trade facilitation measures:

- (a) transparency, efficiency, simplification, harmonisation and consistency of trade procedures;
- (b) promotion of international standards;
- (c) consistency with multilateral instruments;
- (d) the best possible use of information technology;
- (e) high standards of public service;
- (f) governmental controls based on risk management;
- (g) co-operation within each Party among customs and other border authorities; and
- (h) consultations between the Parties and their respective business communities.

#### Article 2

#### **Transparency**

- 1. Each Party shall publish promptly, and as far as practicable on the internet, in English, all laws and regulations of general application relevant for trade in goods and related services between Albania and the EFTA States.
- 2. Each Party shall establish inquiry points for customs matters, which may be contacted via the Internet, in English.

3. Each Party shall consult its respective business community on its needs with regard to the development and implementation of trade facilitation measures, noting that particular attention should be given to the interests of small and medium-sized enterprises.

#### Article 3

#### Co-operation in Trade Facilitation

- 1. The Parties may identify, and submit to the Joint Committee further measures with a view to facilitating trade between the Parties, as appropriate.
- 2. The Parties shall promote international co-operation in relevant multilateral fora governing trade facilitation. The Parties shall review relevant international initiatives on trade facilitation in order to identify, and submit to the Joint Committee for consideration, further areas where joint action could contribute to their common objectives.

#### Article 4

#### Advance Rulings

- 1. Each Party shall, in accordance with its domestic legislation, issue a written advance ruling at the written request containing all necessary information of an importer, producer or exporter in its own territory, or an exporter or producer in the territory of another Party with regard to:
  - (a) tariff classification of a product and the applied duty-rate for the product or, where appropriate, the way the applied duty-rate for a product is calculated; and
  - (b) such other matters as the Parties may agree.
- 2. The Parties shall endeavour to develop procedures whereby each Party, upon written request and prior to the exportation of a product to another Party, shall provide to an exporter or producer in its own territory a written advance ruling on the originating status of that product.
- 3. A Party that declines to issue an advance ruling shall promptly notify the person requesting an advance ruling, in writing, setting forth the basis for its decision to decline to issue the advance ruling.
- 4. Each Party shall provide that advance rulings take effect on the date they are issued, or on another date specified in the ruling, provided that the facts, or circumstances on which the ruling is based, remain unchanged.
- 5. The Parties may limit the validity of advance rulings to a period determined by domestic legislation.

6. Each Party shall endeavour to make information on advance rulings which it considers to be of significant interest to other traders publicly available, taking into account the need to protect confidential information.

#### Article 5

#### Simplification of International Trade Procedures

- 1. The Parties shall aim to limit governmental controls and formalities in the context of trade in goods and related services between the Parties to those necessary and appropriate to ensure compliance with legal requirements, thereby simplifying, to the greatest extent possible, the respective procedures.
- 2. The Parties shall aim to use efficient trade procedures, based, as appropriate, on international standards, with a view to reducing costs and unnecessary delays in trade between them, in particular the standards and recommended practices of the World Customs Organisation (hereinafter referred to as "the WCO"), including the principles of the revised International Convention on the Simplification and Harmonisation of Customs Procedures (Revised Kyoto Convention).
- 3. Each Party shall aim to adopt or maintain simplified customs procedures for the efficient release of goods declared by economic operators who have proven to be reliable.
- 4. Each Party shall aim to adopt or maintain procedures that:
  - (a) provide for advance electronic submission and processing of information before the physical arrival of goods in order to expedite their clearance; and
  - (b) in accordance with its legislation, allow importers to obtain the release of goods prior to meeting all import requirements of that Party if the importer provides sufficient guarantees. A Party is not required to release goods where the Parties' legitimate import requirements have not been satisfied.

#### Article 6

#### Risk Management

- 1. Committed to enhancing trade facilitation while maintaining effective governmental control of trade between the Parties, the Parties shall determine which persons, goods, or means of transport are to be examined and the extent of the examination, based on risk management.
- 2. Risk management includes the systematic assessment of risks related to the infringement of customs and other legislation relevant for international trade in goods

and related services. The Parties shall use compliance measurement to support risk assessment.

3. The Parties may conduct audit-based controls, such as quality control and compliance reviews, which may require more extensive examinations of certain economic operators over a limited time period.

#### Article 7

#### Authorised Economic Operator System

A Party introducing or expanding an Authorised Economic Operator System or security measures affecting international trade flows shall:

- (a) afford to another Party the possibility to negotiate mutual recognition of authorisation and security measures, for the purpose of facilitating international trade while ensuring effective customs control; and
- (b) draw on relevant international standards and practices, in particular the WCO Framework of standards.

#### Article 8

#### Customs Brokers

- 1. No Party shall introduce new requirements to use customs brokers only.
- 2. Each Party shall endeavour to develop customs systems or procedures enabling exporters and importers to submit their customs declaration without being obliged to turn to customs brokers.

#### Article 9

#### Fees and Charges

- 1. Fees and charges imposed in connection with importations or exportations by customs authorities or other border authorities of a Party, including in connection with tasks undertaken on behalf of such authorities, shall not exceed the approximate cost of the service rendered.
- 2. The fees and charges referred to in paragraph 1 shall not be calculated on an *ad valorem* basis.
- 3. Each Party shall officially publish information on fees and charges. Such information shall include the objective of the fee or charge for the service provided, the responsible authority, the fees and charges that will be applied and the way they

are calculated, as well as when and how payment has to be made. This information shall be published on the Internet, in English, as appropriate.

- 4. Upon request, the customs authorities or any other border authority of a Party shall give information on rates of duty, fees and charges applicable to imports of goods into that Party, including the methods of calculation.
- 5. Each Party shall periodically review its fees and charges to ensure that they are in line with WTO commitments and with a view to consolidating them and reducing their number and diversity.

#### Article 10

#### Consular Transactions

No consular transaction or its equivalent shall be required for the establishment of a commercial invoice, certificate of origin, shippers manifest, export declaration, or any other document necessary for customs clearance in a Party.

#### Article 11

#### Appeal

Each Party shall ensure that importers, exporters and producers have the right to at least one level of administrative or judicial appeal in accordance with its domestic legislation.

#### Article 12

#### **Confidentiality**

All information provided in relation with the importation, exportation, advance rulings or transit of goods shall be treated as confidential by the Parties and shall be covered by the obligation of professional secrecy, in accordance with the respective laws of each Party. It shall not be disclosed by the authorities of a Party without the express permission of the person or authority providing it.

#### Article 2

#### **International Conventions**

- 1. The Parties reaffirm their obligations set out in the following multilateral agreements:
  - (a) the Paris Convention of 20 March 1883 for the Protection of Industrial Property as revised by the Stockholm Act of 1967 (hereinafter referred to as "the Paris Convention");

#### TITLE II

# STANDARDS CONCERNING THE AVAILABILITY, SCOPE AND USE OF INTELLECTUAL PROPERTY RIGHTS

#### Article 3

#### **Trademarks**

- 1. The Parties shall grant adequate and effective protection to trademark right holders of goods and services. Any sign, or any combination of signs, capable of distinguishing the goods or services of one undertaking from those of other undertakings, shall be capable of constituting a trademark. Such signs, in particular words, including combinations of words, personal names, letters, numerals, figurative elements, shapes of goods, sounds and combinations of colours as well as any combination of such signs, shall be eligible for registration as trademarks. Where signs are not inherently capable of distinguishing the relevant goods or services, the Parties may make registrability depend on distinctiveness acquired through use. Parties may require, as a condition of registration, that signs be visually perceptible.
- 2. The Parties reaffirm the importance of, and shall be guided by the principles contained in, the WIPO Joint Recommendation Concerning Provisions on the Protection of Well-Known Marks, adopted by the Assembly of the Paris Union for the Protection of Industrial Property and the General Assembly of the WIPO in 1999, and the WIPO Joint Recommendation Concerning Provisions on the Protection of Marks

and other Industrial Property Rights in Signs, on the Internet, adopted by the Assembly of the Paris Union for the Protection of Industrial Property and the General Assembly of the WIPO in 2001.

#### Article 4

#### **Patents**

The Parties shall ensure in their national laws at least the following:

- (a) adequate and effective patent protection for inventions in all fields of technology, in accordance with the level of protection provided in the European Patent Convention (EPC); and
- (b) a compensatory term of protection for pharmaceuticals and plant protection products, which shall be calculated from the expiry of the maximum term of patent of 20 years for a period equal to the period, which elapsed between the filing date of the patent application and the date of the market authorisation of the product, reduced by a period of five years. Such compensatory protection shall cover a period of five years at the most and shall be granted under the following conditions:
  - (i) the product is protected by a patent in force;
  - (ii) there has been an official marketing authorisation for the medicinal or plant protection product;
  - (iii) the right conferred by the patent has been postponed by administrative procedures regarding authorisation of market access, so that the effective use of the patent amounts to less than 15 years; and
  - (iv) the effective protection conferred by the patent and the compensatory protection shall together not exceed 15 years.

#### Article 5

#### **Undisclosed Information**

- 1. The Parties shall protect undisclosed information in accordance with Article 39 of the TRIPS Agreement.
- 2. The Parties shall prevent applicants for marketing approval for pharmaceuticals and agricultural chemical products from relying on, or referring to, undisclosed test data or other data submitted to the competent authority by the first applicant for a period, counted from the date of marketing approval, of at least eight years for pharmaceuticals and at least ten years for agrochemical products.

- 3. Reliance on or reference to such data may be permitted:
  - (a) where approval is sought for re-imported products that have already been approved before exportation; or
  - (b) in order to avoid unnecessary duplication of tests of agrochemical products involving vertebrate animals, provided that the first applicant is adequately compensated.

#### Article 6

#### Designs

The Parties shall ensure in their national laws adequate and effective protection of industrial designs by providing in particular a period of protection of at least 25 years in total. The Parties may provide for a shorter period of protection for designs of component parts used for the purpose of repair of a product.

#### Article 7

#### Geographical Indications and Indications of Source

- 1. The Parties shall ensure in their national laws adequate and effective means to protect geographical indications with regard to all products, and indications of source with regard to all products and services.
- 2. For the purposes of this Agreement, "geographical indications" are indications, which identify goods as originating in the territory of a Party, or a region or locality in that territory, where a given quality, reputation or other characteristic of such goods is essentially attributable to their geographical origin.
- 3. Indications of source are direct or indirect references to the geographical origin of goods or services. Nothing in this Agreement shall require a Party to amend its legislation if, at the date of entry into force of this Agreement, it limits in its national law the protection of indications of source to cases where a given quality, reputation or other characteristic of goods or services is essentially attributable to their geographical origin.
- 4. Without prejudice to Article 23 of the TRIPS Agreement, the Parties shall provide the legal means for interested parties to prevent the use of a geographical indication or of an indication of source for goods not originating in the place indicated by the designation in question, in a manner which misleads the public as to the geographical origin of those goods or which constitutes an act of unfair competition within the meaning of Article 10bis of the Paris Convention.

- 5. The Parties shall provide the legal means for interested parties to prevent the use of a geographical indication for agricultural products and foodstuffs for identical or comparable products not originating in the place indicated by the designation in question.
- 6. The Parties shall provide the legal means for interested parties to prevent the use of an indication of source for services in a manner which misleads the public as to the true place of origin or constitutes an act of unfair competition.
- 7. The Parties shall prevent any incorrect or misleading use or registration of country names of a Party as trademarks, designs or as any other protected title, such as company names or names of associations.
- 8. The Parties, in accordance with their obligations under Article 6ter of the Paris Convention, shall prevent that armorial bearings, flags and other State or regional emblems of a Party are used or registered as trademarks, designs or as any other protected title, in non-compliance with the conditions laid down in the laws and regulations of that Party. This protection shall also apply to signs that may be confused with armorial bearings, flags and other State or regional emblems of the Parties.

#### TITLE III

# ACQUISITION AND MAINTENANCE OF INTELLECTUAL PROPERTY RIGHTS

#### Article 8

Where the acquisition of an intellectual property right is subject to the right being granted or registered, the Parties shall ensure that the procedures for grant or registration are of the same level as that provided in the TRIPS Agreement, in particular Article 62.

#### TITLE IV

#### ENFORCEMENT OF INTELLECTUAL PROPERTY RIGHTS

#### Article 9

#### General

The Parties shall provide in their national laws for enforcement provisions for rights covered by Article 1 that shall be of the same level as that provided in the TRIPS Agreement, in particular Articles 41 to 61.

#### Article 10

#### Suspension of Release by Competent Authorities

- 1. The Parties shall adopt procedures to enable a right holder, who has valid grounds for suspecting that the importation or exportation of goods infringing intellectual property rights may take place, to lodge an application in writing with the competent authorities, administrative or judicial, for the suspension by the customs authorities of the release into free circulation of such goods.
- 2. It is understood that there shall be no obligation to apply procedures set forth in paragraph 1 to the suspension of the release into free circulation of goods put on the market in another country by or with the consent of the right holder.

#### Article 11

#### Right of Inspection

- 1. The competent authorities shall give the applicant for the suspension of goods, and other persons involved in the suspension, the opportunity to inspect goods whose release has been suspended or which have been detained.
- 2. When examining goods, the competent authorities may take samples and, according to the rules in force in the Party concerned, hand them over or send them to the right holder, at his or her express request, strictly for the purposes of analysis and of facilitating the subsequent procedure. Where circumstances allow, samples must be returned on completion of the technical analysis and, where applicable, before goods are released or their detention is lifted. Any analysis of these samples shall be carried out under the sole responsibility of the right holder.

#### Article 12

#### Liability Declaration, Security or Equivalent Assurance

The competent authorities shall have the authority to require an applicant to declare to accept liability towards the persons involved and, in justified cases, to provide a security or equivalent assurance, sufficient to protect the defendant and the competent authorities and to prevent abuse. Such security or equivalent assurance shall not unreasonably deter recourse to these procedures.
